

IMPORTANT INFORMATION ABOUT MUSIC LICENSING AS A RESULT OF COVID-19

PPCA's client base is very broad and we are doing all we can to address the range of differing circumstances that are currently affecting our licence holders.

To provide you with some clarity during this time of uncertainty, the following measures have been put into effect to assist you and your business:

- If you have suspended trade, we will place your account on hold. Once your business recommences operations you should establish your licence with OneMusic Australia.
- Debt collection on any outstanding invoices will also be held if your business has been forced to suspend trade.
- If you have any queries about the status of your licence, please let us know. We can best assist you if you email your query to licensing.mail@ppca.com.au

For the time being no further action is required and we only wish that you, your staff and family stay safe.
